Total Energy Systems, LLC Hires John Lyon as OEM Sales Person

MILWAUKEE, WISCONSIN – Total Energy Systems, LLC has hired John Lyon, as new OEM Sales Person in our Milwaukee, WI Office.

John comes to Total Energy Systems with 14 years of experience in the engine and equipment business. During a long and varied career in the engine industry, John has worked on selling both on and off road engines as well as construction equipment sales.

As a provider of complete power solutions; John will be a huge asset to our OEM customers and working with them as we assist them in integrating Tier IVf engine solutions into their applications.

We look forward to John bringing his knowledge and energy to our OEM Sales efforts and to Total Energy Systems.

Total Energy Systems entered the generator set market in 1958 and was awarded distribution for Kohler generators in 1993, Kubota Generators in 2010, and Kipor Generators in 2012. In 1987 Total Energy Systems were awarded the distribution for Isuzu Engines, in 1995 Hatz engines, and in 2010 received the distribution for Scania and Mitsubishi engines.

With its new, state-of-the-art corporate facility in Green Bay, WI, Total Energy Systems also has branches in Milwaukee, WI, Minneapolis, MN, and Grand Rapids, MI.
